ANTITRUST BILL IS POSTPONED

Goes Over to See How the Arkansan Court Will Decide on the Bill.

WILL BE TAKEN UP ON FRIDAY

Numerous Petitions Presented in the Senate For and Against the Measure.

BILL TO CONSOLIDATE TEXAS RAILROAD

They Are Receiving Much Attention in Both Houses and One Passes the Senate—Other Bills Finally Disposed.

Austin, Tex., April 26.—The special feature of the senate yesterday, was the antitrust bill introduced in that body and known as the Davidson antitrust bill, which was up before the senate on second reading.

The usual number of petitions for and against the antitrust bill were received and read.

Mr. Davidson offered an amendment to make the bill effective after Jan. 1, 1900.

Mr. Stafford wanted more time to consider the bill and moved that it be postponed until to day.

Mr. Burns stated that he wanted this amendment adopted. He said the Arkansas law is being tested in the courts of Arkansas and that as a decision on the constitutionality of the law will be handed down in a day or so, he moved as a substitute, that the bill be made a special order for Friday, in order to await the Arkansas decision.

Atlee stated that this bill is very important and that it had been sprung very suddenly and therefore pleaded for deliberation. He said the Arkansas law had driven the insurance companies from that state and deplored any such condition existing in Texas and declared the question too great, the problems too intricate and the facts too numerous to act hastily in the matter, and favored postponement.

Stafford withdrew his motion and accepted Senator Burns' substitute.

Burns' motion prevailed by a vote of 18 to 9.

The bill defining the powers of commissioners' courts, so as to prevent conflicts between county and state authorities in quarantine matters, passed.

Mr. Johnson secured consideration of his bill granting a land certificate and pension to Mary E. Batchelor, widow of James W. Batchelor, a Texas veteran. The bill passed under a suspension of the rules.

Mr. Hanger's new Cotton Belt railroad consolidation bill was ordered engrossed and passed finally under a suspension of the rules.

Substitute senate bill further defining the offense of burglary passed finally.

Mr. Odell's bill providing that city councils shall submit all charters and amendments to city charters to a vote of the people of the city before said charter can become effective was laid before the senate on third reading and passed finally.

The house spent the morning session on the general appropriation bill. Night sessions will be held on the bill hereafter.

An extension of time was granted the committee on the senate bills to authorize the consolidation of the Missouri, Kansas and Texas with the Sherman, Shreveport and Southern Railway company, and of the consolidation of the St. Louis Southwestern with the Tyler Southeastern railway, both with the governor's veto thereon.

Mr. Stewart then called for the consideration of the house bill to authorize the Houston and Texas Central Railroad company to purchase and operate the Central Texas and Northwestern, the Fort Worth and New Orleans, the Lancaster tap, the Austin and Northwestern and the Granite Mountain and Marble Falls railroad. The bill was passed to engrossment.

A motion by Mr. Stewart to suspend the constitutionality rule and place the bill on its third reading and final passage was lost—yeas 88, nays 26—not the requisite four-fifths majority.

The night session was devoted to the general appropriation bill.

General Wheeler's Assignment.

Washington, April 26.—It is understood that the cabinet has decided not to send Major General Wheeler to the Philippines. The general officers who will be assigned to duty under General Otis will be Brigadier Generals Young, Grant and Bates. It is proposed, however, to place General Wheeler on active duty, and to this end the organization of a new department, to be known as

the department of Texas, is contemplated. General Wheeler will be assigned to command until next November, when he will be relieved and come to Washington to assume his congressional duties.

Negro Mobbed by Negroes.
Galena, Kas., April 26.—Charles Williams, a negro, was shot to death here in the city jail by a mob of negroes. Williams killed Laura Canafox, a negro.

WELCOMED IN CUBA.

Immigration Laws of the United States Help Matters.

Havana, April 26.—The instructions received by Governor General Brooke from Washington to declare applicable to Cuba the immigration laws of the United States are certain to give satisfaction here. For one thing, the new regulations will prevent the ingress of any more Chinese laborers, which, though useful in certain employments, notably truck gardening, are from their habits a constant menace to the public health. The sanitary bureau has been forced to burn out the filthy quarters in which the various Chinese colonies have been living, there being no other way to purify those centers of contagion.

Another undesirable class of immigration is likely to be prevented under American law from overrunning the eastern half of the island. This class is composed of shiftless negroes from Jamaica, Hayti and San Domingo, who may wish to better their fortunes at Santiago and elsewhere in the east. General Wood foresaw this embarrassment some time ago and quietly put in force in his province an order returning the would-be immigrants who could not show \$40 each in money.

General Brooke's decree will establish restrictions of this sort at all Cuban ports on arrival of those who threaten to become charges on the island. While the present conditions of agricultural prostration lasts, there will be little or no room here for additional labor of the unskilled class.

The council of secretaries, or insular cabinet, has submitted to General Brooke the draft of a decree providing for the registration of aliens under the terms of article ix of the treaty of Paris. After the registration bureau is opened Spaniards who desire to remain in Cuba will have a year in which to decide whether or not they will surrender their nationality. This postponement of a final choice on the part of so many of the actual residents of Cuba may complicate the extent of the problem of instituting a representative government for the island before a native constituent assembly can be elected.

Some satisfactory definition of Cuban citizenship must be evolved. Not a few of the leaders who are now struggling for political power are technical. Gen. Gomez is a Saint Dominican, General Julio Sanguiñez is or was a naturalized citizen of the United States, and dozens of the revolutionary leaders and agitators took out similar papers before engaging in the revolution against Spain.

Only a day or two ago a Cuban lawyer presented himself as a candidate for a place on the supreme court bench. He admitted that he was a naturalized American, and when asked whether he would abandon his acquired citizenship to become a justice, protested vigorously against the necessity of any such renunciation. He had an estate in the interior of the island and could not afford to give up the rights involved in surrendering such a safeguard. Some difficulty has been experienced in filling the place on the supreme bench. Two more declinations to serve have been severed. One from Matanzas and one from Puerto Principe. Señor Eduardo Tamayo, of Santiago, a prominent lawyer, telegraphed, however, that he would take one of the vacant posts.

A very sensible experiment is being tried by the Havana police authorities. This consists in the enlistment of a special squad of American ex-soldiers which is to be used in patrolling those most frequented parts by Americans. The new patrol are expected to introduce an element of coolness and method into their service and to minimize the friction now existing between the soldiers and these police. They will be especially valuable in handling such Americans, soldiers, teamsters and others who become disorderly in the streets and cafes.

The Cuban telegraph operators are the latest native body to complain of Americanism. They say that they are being displaced by operators from the United States and have written to Gen. Gomez, to ask his influence to restore them to favor. American operators are, in fact, in good demand in Cuba, owing to their greater experience and skill.

Killed Instantly.

Sedalia, Mo., April 26.—James L. Stewart, a stockman from Bunceton, was shot and killed at Cole camp by City Marshal Tucker. Stewart drank to excess and drew his revolver on several persons. When Marshal Tucker called upon him to surrender he tried to shoot the officer. Tucker was the quickest and shot Stewart in

Tolbert Was Elected.

Sherman, Tex., April 26.—The county commissioners declared the result of Saturday's special election to fill vacancy caused by the death of Representative S. P. Evans. Sherman, Sixth election district (College park). Jameson, Rock Creek and Cedar Mills failed to report in required time. The official count was: J. H. Tolbert 1294, A. G. WEDNESDAY, APRIL 25, 1899.

The press of the state will unite in expressions of sympathy and deep regret over the death of Mr. Frank Doremus at his home in Dallas. He was highly educated, brilliant and resourceful as a newspaper man, and had a conspicuously successful career with the Galveston-Dallas News, which paper paid a high tribute to his memory in the issues of yesterday. Deceased was a cousin of Judge J. W. Doremus of this city.

The doors of the Texas A. & M. College are annually closed against more than two hundred Texas boys who desire a practical industrial education at that institution. It is believed that 500 boys would matriculate at the beginning of the next session and a thousand within three years, if there were buildings there for their use. Two large dormitories are now needed to meet the present demand, and the present legislature ought not to adjourn until they are provided for. Texas ought to be as liberal in support of her A. & M. College as any state in the Union, but this matter has been strangely overlooked by our legislatures.—Farm and Ranch.

We are having some very pretty weather at present. Most of the people are thinning corn.

Health of community not good. Pneumonia and roseola are the principal ailments.

Rev. Sewell filled his regular appointment at this place Sunday.

The Sunday school is progressing nicely with a large attendance. We hope it will continue.

The singing choir met Sunday afternoon and enjoyed themselves in singing together. We are sorry to hear of the illness of the president and secretary. Hope they will be with us next meeting. Among the leaders were Messrs. T. M. Turner, Tom Elliott, of Edge; Tully Ganaway and E. W. Thompson, of Alexandria. Come again; we are always glad to see you.

DONSILL.

SCARCITY OF SMALL BILLS.

Banks Don't Take the Trouble to Send to the Treasury for Them.

New York, April 26.—United States Treasurer Ellis H. Roberts, who is on a business trip to this city, in talking of the scarcity of bills of small denominations throughout the country said:

"This lack of small bills is due in some parts of the country to the fact that the bankers don't take the trouble to send in their bills of large denominations and get small ones in exchange. This is the case nearly everywhere except in the larger cities of the east and the northwestern states."

"In the northwest there has been such a wave of prosperity during the last two years that the bankers and merchants have had no occasion to send their money east, as they did in previous years. They are rich enough to keep their money at home."

"There was a lack of small bills in this city up to a few months ago, but now the bankers, merchants and business men of every kind have all the small bills they want. They have got them by sending in their larger bills. The revenue stamps on checks have probably something to do with bringing into more general use the smaller bills."

"The reason we cannot issue the smaller bills as fast as the bankers want them is because we are restricted by law. The law allows us to issue \$46,000,000 in United States notes, and the silver certificates are restricted by the number of standard dollars held in the treasury. We are now printing only small bills and have a big supply on hand, but cannot issue them because of the restrictions I have mentioned. So the only recourse for the banks that want small bills is to send in large bills in exchange. In the ten subtreasuries throughout the country there is now \$242,000,000 in gold, but only \$18,000,000 in paper. We are sending out paper money in bills of small denominations now at the rate of about \$3,000,000 a week. But a good part of this is sent out in place of old and mutilated bills. Although there is a shortage of small bills in circulation the treasury was never richer in funds than it is at the present time."

RICHARD CROKER IS OFF.

Big Crowds Bid the Tammany Chief Farewell at New York.

New York, April 26.—Richard Croker sailed for Europe today aboard the American line steamship New York. Save for his sister, Mrs. Warren, Mr. Croker was unaccompanied. When the Tammany chief reached the pier half an hour before the big liner pulled out, he was met by a party of friends who had come down to say, "bon voyage." Mr. Croker was all smiles and he nodded pleasantly to many. Then flanked by his immediate advisers, he moved toward the gang plank. In a minute he made the ascent and stood on the main deck. There was a hurried movement by awaiting politicians who followed up the incline, which strained under its load. Mr. Croker soon pressed on all sides, finally found his position so uncomfortable that he hastened into the main saloon. The crowd behind followed until he stood at the foot of the staircase leading to the upper deck. Up these went Mr. Croker quickly, his friends and political adherents right on his heels. When the promenade deck was reached he was again surrounded and the reception that followed appeared to give immense satisfaction to the departing Tammanyite.

Sir Julian Pauncefote, the British ambassador, who with his family, boarded the New York, were scarcely recognized in the excitement and enthusiasm which attended the departure of the Tammany leader. The crush was one of the biggest experienced in many days.

Speaker Thomas B. Reed was also a passenger to Southampton with his family. A number of friends were at the pier to wish him a pleasant voyage, but in the rush of Tammanyites they were scarcely distinguishable.

Want a Negro Board of Education.

Atlanta, April 26.—A petition has been filed with the city clerk here containing the names of nearly 500 of the best negroes in Atlanta, which has for its immediate object the placing of negro public schools in the city under the control of a negro board of education. Since last February the petition has been in circulation. It is not expected to let the petition go before the council for several weeks yet, but the movers have been urged to hasten the matter on account of recent affairs. Major Slaton, superintendent of public schools of Atlanta, says of the idea: "Tooridiculous and foolish to be considered. We have given the negroes everything they could ask," said Major Slaton, "we afforded good schools and teachers and all the facilities obtainable, and I cannot see any reason they could have for wanting a different arrangement."

International Sunday School Convention.

Atlanta, April 26.—Incoming trains bring many delegates to attend the International Sunday School convention which opens here tonight. Special trains have arrived from Boston, St. Louis, New Orleans and as far west as Michigan, Indiana and Illinois, are represented by enormous delegations.

Charged With Murder.

Taloga, O. T., April 26.—Martin Christian is in jail here charged with the murder of his father, R. H. Christian.

Indiana Regiment Mustered Out.

Savannah, April 26.—The One Hundred and Sixtieth Indiana regiment was mustered out here Tuesday.

A POSITIVE DECLARATION.

WHAT you want, expect and pay for, you ought to have. When you buy "all wool" and it proves half cotton, it naturally sets you to thinking. When "half price" bargains prove to be high priced ones it causes more suspicion. We want the store to be like Caesar's wife, "above suspicion." That's why all wool means all wool and a bargain is a bargain here.

Think of this when you want a suit. You will get an honest suit here, one with that permanency of the fit which comes from correct tailoring, combined with perfectly woven clothes of dependable woolens, that shape holding quality which stays with the suit till it's worn out.

We intend making this the most momentous season in the history of our store. If goods and prices are reliable indications, the accomplishment of our object is already assured.

ANOTHER CHAPTER.

Kendig and Jacobs Seem to Have Had a Hand in Dreyfus' Failure.

New York, April 23.—William L Kendig and William M. Jacobs, the cigar manufacturers of Lancaster, Pa., who were arrested last week charged with complicity in the great counterfeiting conspiracy, were mentioned in connection with Theophile G. Dreyfus & Bros., of this city, whose methods were exposed in August, 1897, when scores of New York merchants charged that the firm had swindled them of goods valued at more than \$80,000.

It was stated that the firm bought goods on credit, disposed of them at low cash prices and did not pay their bills. Merchandise was removed from the store as fast as it arrived, the inevitable destination being Lancaster, Pa. Jacobs was the heaviest creditor of the Dreyfus business and was frequently in their store. Kendig was another frequent visitor at the Dreyfus store. He is said to have been particularly active in the store just before the closing.

Merchants here who were victimized talk freely as to the close connection of Dreyfus & Bros., to Jacobs and Kendig.

MURDERED AND BURNED.

Mrs. Jane Tuttleton and Her Four Children in Missouri.

St. Louis, April 26.—A special dispatch from Malden, a small village in southeastern Missouri, says Mrs. Jane Tuttleton, widow of Wash Tuttleton, a prominent citizen of that section, and her four children were murdered late last night. The bodies were partly incinerated in the ruins of their home, which was set on fire by the murderer. J. H. Tuttleton, a son of Wash Tuttleton by his first wife, is under arrest for the crime.

Dan Creedon Whipped.

New York, April 25.—Nearly 600 sports assembled at the Lenox Athletic club Tuesday night in the hope of seeing a rattling bout between Joe Walcott, the negro boxer, and Dan Creedon, the Australian. They were matched to go 20 rounds at catch weights, but although Creedon weighed fully 20 pounds more than his opponent, the negro made short work of him. With a left and two right smashes on the jaw, Walcott floored Creedon thrice. The third time the Australian went down he was "dead to the world" and Walcott was declared the winner amid the cheers of his backers, who won a pot of money on the result. The bout lasted only 1 minute and 15 seconds.

Indian Burials Cause Dispute.

Guthrie, O. T., April 26.—The Territorial board of health has been appealed to by residents of Payne and Lincoln counties to abate the nuisances of the Indian cemeteries in those counties. The Indians in that section persist in the old tribal custom of depositing the dead on the surface of the ground in small houses. The constant odor from the decomposing bodies and the gathering of wolves occasion much dissatisfaction.

Held by Coroner's Jury.

Murphyboro, Ills., April 23.—Frank Davie was held by the coroner's jury on charge of having murdered his wife and her girl companion last Friday night. A dramatic scene occurred at the inquest. Mrs. Davie's mother, shaking her finger at the prisoner exclaimed: "You killed Ella (the dead woman), and you know it." Davie broke down and wept, but insisted that he was innocent.

Havana Floating Hospital.

Havana, April 26.—The approach of the yellow fever season has awakened the United States government to the necessity of having a floating hospital in Havana harbor, and the transport Terry is to be converted into a hospital ship. The Terry was formerly the steamer Hartford, and ran between New York and Hartford Conn.

FILIPINOS USING MODERN GUNS.

Brings a Cannon Into Service
Against the Americans
at Calumpit.

IT WAS A NEW THING TO THEM.

They Could Not Get the Range and
Consequently Did No Damage With It.

REBELS STRENUOUSLY RESISTING THE ATTACK.

They Are Making Every Effort to Hold
the Place, Which Has Caused
the American Troops to
Move Cautionously.

Manila, April 26.—Aguinaldo's army is today defending Calumpit energetically, which it is said, indicates the rebels are finally making that place their last ditch, or stand, which the Americans expected them to make at Malolos. For the first time since hostilities began the Filipinos are employing artillery. They brought two guns into action in the trenches before Calumpit, firing shrapnel which burst over the heads of General Wheaton's men, without effect. Fighting was resumed at 6 o'clock this morning.

During the night American engineers repaired Bagbag bridge, thus enabling our troops to cross the river. General Wheaton's brigade advanced and joined the Kansas regiment to the west of the railroad and the Montana regiment to the east of it and took up a position covering one and one-half miles on the south bank of the Rio Grande.

On the opposite bank were fortified trenches, from which only a few American soldiers would have been able to defy thousands, so strongly were they constructed.

The Americans found the trenches on the south bank deserted.

These trenches furnished them cover from which they could pick off Filipinos whenever one of them showed his head. When rebels began firing, two puffs of smoke, simultaneously from the trenches on each side of the railroad track showed they were using cannon, which was a genuine surprise to the Americans. The Filipinos failed to master the machinery of modern shells as they were unable to gather the right range. Young's battery of the Utah regiment, was ordered into position in the center to silence the rebel guns. At noon the rebels were still pouring a heavy fire in the direction of the Americans, who returned it spiritedly.

About this time General Hale's brigade was advancing to the east line and was apparently across the river to flank the rebel trenches. The Americans found the trenches on the south bank deserted.

As to the future course of the navy department with respect to Captain Coghill it is believed the administration's censure will be in the shape of a letter from Secretary Long and will be sufficient in the case, particularly as he is to be almost immediately relieved of his command on account of the placing of the Raleigh out of command while undergoing extensive repairs.

NOT YET RELIEVED.

Captain Coghill Will Be in Charge of
the Raleigh at Philadelphia.

Washington, April 26.—Captain Coghill will be in command of the Raleigh when President McKinley pays a visit to the cruiser at Philadelphia on Friday. The president takes the ground that it would be unkind and an unwarranted reflection on the officers and crew of the ship to abstain from paying a visit which had been arranged for and occupies a prominent place in the programme.

As to the future course of the navy department with respect to Captain Coghill it is believed the administration's censure will be in the shape of a letter from Secretary Long and will be sufficient in the case, particularly as he is to be almost immediately relieved of his command on account of the placing of the Raleigh out of command while undergoing extensive repairs.

A Soldier Shot.

Augusta, Ga., April 26.—While several intoxicated soldiers of the Second Illinois regiment were attempting to set fire to some wooden sheds about midnight Tuesday night, a fight occurred, when Lieutenant John Mayeski, officer of the day, tried to disperse them. The soldiers resisted Mayeski and started to grapple with him. Mayeski thinking his life was in danger drew his revolver and fired. Private James L. Gillett, whose home is in Ripley, O., fell with a bullet in his left breast. He did not have a hand in the fight, and was trying to put out the blaze when shot. The shooting brought out Colonel Moulton and other officers who soon restored order. A full investigation will be made.

TWO CUBAN BOYS MISSING.

Savannah, April 26.—Search has been instituted for two Cuban boys who came over on the Ward liner Havana with the Second and Third engineers several days ago. The Cubans came to enter college for colored youths at Tuskegee, Ala., over which Booker T. Washington presides, but cannot be found. The college authorities heard of the coming of the boys and the professor of the institution is in the city to see if he can find them. Colonel Deveaux collector of the port, is assisting the professor in the prosecution of the search, but it has so far proven unsuccessful.

BALANCE PLEADED GUILTY.

Enid, Okla., April 26.—In the district court Judge McAtee created a sensation by fining a saloon keeper \$500 and costs for allowing gambling in his saloon. This was the first conviction of a dozen cases on the docket, and the others hastened to plead guilty and were fined in sums varying from \$50 to \$250, and four or five went to jail.

SENSATIONAL UTTERANCES

Dr. Joseph Parker Preaches an Extraordinary Sermon at London.

London, April 26.—The three hundredth anniversary of the birth of Oliver Cromwell has furnished the occasion for biographies, appreciative articles, portraits in all the papers and celebration in various parts of the country of the lord protector of the British commonwealth.

Dr. Joseph Parker, minister of the City Temple of this city, took the subject as the theme for his sermon Tuesday afternoon and delivered an extraordinary oration to a large congregation. In the course of his remarks he attacked the Prince of Wales as "a certain card-playing prince." After eulogizing Cromwell, Dr. Parker said:

"When the prince fails then let the country mourn. We look to princes for noble deeds and a high example. When I see my prince and my premier on a race course I don't like it."

These remarks were cheered by the audience and Dr. Parker proceeded to make a rabid attack on the sultan of Turkey, during which he said:

"Emperor William may call him his friend, but in the name of God, the Father, the Son and the Holy Ghost. I say God damn the sultan."

The preacher concluded with a passionate denunciation of the church for accepting Protestant money for performing popish tricks."

Then drawing from his Bible the undertaker's bill for his wife's interment he scathingly read the word on top of the bill:

"Unconsecrated."

"Shame!" shouted Dr. Parker, and the congregation loudly reechoed the word.

Continued the preacher said:

"When I read the word it meant vitriol poured into a gaping wound. It is a knavish trick, a people, detestable blasphemy. It made me still more faithful to nonconformity, which made England possible to live in."

FATE OF A MURDERER.

He Falls Down a Shaft and His Body Horribly Mutilated.

Ellsworth, Kas., April 25.—An unusual tragedy in which George Pilko, an Italian, and his wife and Thomas Kiamardi, a male boarder, were actors, took place at Kanapolis. The husband and the boarder are dead and the woman is seriously wounded.

It seems that the woman recognized the man as an escaped murderer wanted in Italy for killing a man, woman and child.

He had been tracked to South America and only recently came to Kanapolis. Learning that his identity had been discovered and fearing he would be given up he determined to kill the family. He started in by shooting the husband and wife. The wounds did not prove serious and the boarder slashed the man about the neck and face with a razor, cutting off one ear, almost severing the nose and cutting two gashes in the throat.

In escaping the boarder plunged headlong into a shaft at the salt works. The body bounded from side to side splattering the timbers with the brains and blood until it reached the bottom, 1000 feet below. The head and hands were torn from the body by the force. The remains were gathered in a sack and brought to the top where they were taken in charge by the coroner.

DISCONTENTED CREW.

Whites of the New Orleans Object to so many Negro Recruits.

New York, April 26.—The United States cruiser New Orleans is scheduled to leave the Brooklyn navy yard on May 5. She is to go to New Orleans for the purpose of permitting the citizens of the city she is named after, to see her.

There is much discontent among the white men of the crew in reference to the large number of colored recruits that have been assigned to the vessel.

Of the 112 men who already have been taken on, 30 are colored. The white sailors say that in view of the race feeling in the south, they believe the reception of the crew will be less hearty on account of this unusually large percentage of colored men on the vessel.

The cruiser will remain at New Orleans for a month.

OMAHA BOTTOMS UNDER WATER.

Omaha, April 26.—The rise in the Missouri at this point which still continues, has resulted in driving 600 people from their homes and the nearly total submergence of bottom lands in a territory six miles long and two miles wide.

The water is 18 inches deep on the bottoms. Water is in the icehouses of Swift & Co. and the South Omaha company, and is doing much damage.

All the manufacturing plants on the bottoms are flooded. The river is failing above Omaha and it is hoped the worst will soon be over.

PLOWING UP THE WHEAT CROP.

Denison, Tex., April 26.—Ex-Governor R. M. Harris of the Chickasaw nation was down Tuesday on business.

Governor Harris says of the wheat crop: "The crop is being plowed up in many instances and the ground planted in corn or cotton. The hard freeze during the winter killed some of it and the extreme dry weather following finished the rest.

The wheat crop will not be large.
